## EDUCATION

### Bachelors in Technology

Teerthankar Mahaveer University

08/2019 – 07/2023 | 86.4% (Aggregated)

### Class 12th

St. Mary Sr. Sec School

04/2018 – 05/2019 | 75%

## EXPERIENCE

### Intern

Digital Dimension

02/2023 – 03/2023 | Noida, India

- Implemented a comprehensive CRUD (Create, Read, Update, Delete) system using Adobe ColdFusion, enabling seamless data processing and management.
- Designed and developed a visually appealing and user-friendly front end using the Bootstrap framework, ensuring a responsive and intuitive user experience.
- Created structured ERP (Enterprise Resource Planning) models tailored specifically for schools, optimizing administrative processes and enhancing operational workflows

### Industrial Training on Cloud Computing using AWS

Ardent Infotech Pvt Ltd .

07/2022 – 09/2022 | Kolkata, India

- Utilized and configured various AWS services, such as EC2 instances and S3 buckets, to deploy and host applications, ensuring reliable and scalable infrastructure
- Developed a chatbot project using Amazon Lex, harnessing the power of natural language processing and machine learning to create conversational interfaces.

## PROJECTS

### MoDShop 🔗

02/2023 – 04/2023

- Developed and designed an e-commerce website, incorporating features like product listings, shopping cart functionality, secure authentication, and real-time data updates for a seamless shopping experience.
- Used frameworks like - React , Redux and achieved authentication using Firebase

### Photo Editor App 🔗

01/2021 – 02/2021

- Developed a mobile-friendly photo editor web application allowing users to edit and enhance their photos by applying filters, adjusting brightness and contrast.
- Languages used - HTML5,CSS3,JavaScript(ES6)

### Sorting Visualizer 🔗

08/2022 – 09/2022

- Developed a sorting visualizer that showcases the step-by-step sorting algorithms, allowing users to observe and analyze different steps in action on simulated data.
- Utilized programming languages like HTML5,CSS3, JavaScript (ES6)

## SKILLS

**Programming** (JavaScript,C/C++), **Libraries & Frameworks** (React,JS, Redux,Bootstrap,Material UI),  
**Databases** (MongoDB, MySQL, FireBase), **Theory** (Operating Systems, Computer Networks, Data Structures)

## CERTIFICATES

- IBM: Big Data Engineer
- IBM : Cloud Application Development
- Accenture : Big Data Analytics
- Hackerrank : JavaScript (Basic)

## PUBLICATIONS

### Aligning AI with shared Human Values

Research Paper at International Conference on Human Values in Higher Education For Holistic Development

01/03/2022

## AWARDS

### Principal Excellence Award

Amongst the top 3 rank holders throughout graduation.
